

Customer Journey Map

Date	4 July 2026
Team ID	xxxxxx
Project Name	Human Development Index (HDI) Prediction Using Machine Learning
Maximum Marks	2 Marks

Customer Journey Map

Phase of Journey	Stage 1	Stage 2	Stage 3
Actions <i>What does the customer do?</i>	Collects country data (Life Expectancy, Education, GNI).	Enters the values into the HDI Prediction web application.	Views the predicted HDI score and category for decision-making.
Touchpoint <i>What part of the service do they interact with?</i>	HDI Dataset	Flask Web Application (Input Form)	Prediction Result Page
Customer Thought <i>What is the customer thinking?</i>	"I need an accurate way to predict HDI."	"I hope the system gives a reliable prediction."	"This prediction will help in planning and analysis."
Customer Feeling <i>What is the customer feeling?</i>	Curious and hopeful	Interested and confident	Satisfied and informed

Process Ownership <i>Who is in the lead on this?</i>	Data Collection Team	Machine Learning Model & Flask Application	Government Officials / Researchers
Opportunities <i>How can we improve this stage?</i>	• Improve dataset quality and include more recent data.	• Enhance prediction accuracy and user interface.	• Provide detailed analysis, reports, and visualization of HDI trends.
